# California Elementary School 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year) 

General Information about the School Accountability Report Card (SARC)

SARC Overview

## DataQuest

## California School Dashboard

Internet Access

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

California Elementary School proudly serves approximately 360 students in transitional kindergarten through sixth grade. Situated on nearly 8.5 acres adjacent to TeWinkle Middle School in the city of Costa Mesa, California Elementary is a tight-knit school community that offers engaging, relevant, and rigorous core curriculum with supplemental programming and experiences consistent with our school's vision: academic excellence through technology and the arts. Our highly-trained and dedicated staff work collaboratively with our parent community, our PTA, and our school foundation to challenge students, set high expectations for achievement, and provide opportunities for them to grow and learn in a safe environment.

Positive Behavior Intervention and Supports (PBIS):
At California, we value one another and firmly believe students deserve to learn in a safe, supportive, and nurturing environment. Expectations for behavior are explicitly taught and positively reinforced by all of our staff. Students are expected to model Cougar Core Values (Respectful, Responsible, Ready to Learn behavior), not only at school, but at home and in the community.

## Programs:

California Elementary School offers a wide array of programs to serve and meet the needs of an ethnically and socioeconomically diverse student body. Our core curriculum includes English language arts/ English language development, math, science, history-social science, technology, physical education, and music. Our English Language Development Program, Gifted and Talented Education Program (GATE), and Special Education Program are integral components of our core academic curriculum. Supplemental programming includes outdoor science education, performing arts, and visual arts. We work diligently as a team to make sure all instruction is engaging, positive, and motivating, and we keep our focus on the broad aim for students to envision a future of opportunity and success. By maintaining this broad perspective and working as a cohesive school community, we firmly believe that college and professional endeavors are possible for all of our students.

## Technology:

Technology is an integral part of our school's vision and is therefore an important area of focus. With the generous support of California School Education Foundation (CSEF), our staff is able to offer integrated technology-based curriculum within each classroom. We offer instruction in coding, robotics, and a variety of programs and applications used for word processing, presentation and design, and digital media. We are also proud to participate in Newport-Mesa's Technology Fellow Program. In

## 2022-23 School Overview

tandem with our Technology Aide and our classroom teachers, our Technology Fellow supports learning with programs like Pear Deck, WeVideo, Book Creator, Socrative, Flipgrid and more.

Visual and Performing Arts
Visual and performing arts represent another important area of focus here at California Elementary School. We offer two levels of show choir and band. Show choir is open to all 1st through 6th grade students. Staged productions have included Annie, Willy Wonka, 101 Dalmatians, and Beauty and the Beast, and students have opportunities to participate in a variety of roles, both on and off stage. Our bands feature brass, percussion, strings, and woodwinds, and they perform across the community at high school football games, district music festivals, Knott's Berry Farm and Costa Mesa City Hall.

California Elementary school is a diverse and dynamic community where kindness, hard work, and discovery are celebrated. On behalf of our staff, students, parents, and community partners, welcome to California Elementary. Go Cougars!

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on $1 / 13 / 23$. The CDE has indicated that the data will be available after the $2 / 1 / 23$ SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing a library/media center and technology resources in the classroom including computers, CD-ROM, and instructional television. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

## School Facility Conditions and Planned Improvements

CALIFORNIA - 21,120 Sq. Ft.
This school was built in 1962. There are 17 permanent classrooms, a multi-purpose room and an administration building. The school was modernized in 2005. 5 portable classrooms were constructed in 1999. 3 of the 5 portables were replaced with new portables in 2008. 2 of them were modernized in 2005.

200 work orders were completed in the 2021-2022 fiscal year. This site was last inspected on 7/21/22.

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

## Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

| Subject | School <br> $2020-21$ | School <br> $2021-22$ | District <br> 2020-21 | District <br> 2021-22 | State <br> 2020-21 | 2021-22 |

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

State Priority: Other Pupil Outcomes
The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

California School prides itself on the strong partnerships developed with parents and the community. Parents can become involved through our PTA, the California School Education Foundation, as classroom helpers, supporting classwork at home, as a School Site Council member, as an English Learner Advisory Committee member, and through a myriad of special activities and projects. For parents that would like to become registered volunteers, we recommend visiting our school website or front office. Our parent groups that put on community events in support of our school are always in need of volunteers. To help with these functions, visit our school website and click on the home page of either the PTA or CSEF. Parents may also get involved by attending a number of virtual meetings and events via Zoom. These include virtual meetings for PTA, CSEF, School Site Council, and ELAC.
For more information about opportunities to become involved in the school, please contact our Administrative Assistant, Karina Madrigal, at 714-424-7940.

## C. Engagement

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

|  | Subject | School | District |
| :--- | :---: | :---: | :---: |
| 2019-20 | 2019-20 | 2019-20 |  |
| Suspensions | 0.46 | 1.55 | 2.45 |
| Expulsions | 0.00 | 0.00 | 0.05 |

This table displays suspensions and expulsions data collected between July through June, each full school year respectively.
Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are evaluated and revised October through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year.

Our school safety plan addresses the personal characteristics of students and staff, the physical environment of the school, the social environment of the school, and our school culture. The school's students, faculty and staff implement Positive Behavior Interventions and Supports (PBIS), and parents are provided with resources to support this initiative at home and in the community. Through this program, we identify targeted areas on campus and provide students with specific, positively-stated expectations. Positive student behavior is reinforced with Cougar Bucks used for tangible items, privileges, and recognition. The 2022-23 School Safety Plan was approved by the Local Board of Education on February 8, 2022. Most recently, it was discussed with the school site council on January 12, 2023 and with the staff on December 14, 2022. With the help of our district leadership, staff and families, we recently made improvements to our standard response protocols to ensure the safety of our entire school.
