Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Adams Elementary
School
2850 Club House Drive
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Adams Elementary School	Control Panel: 1 - Silent Knight IFP-1000

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

ScanID	Location	Problem	Address	Reference
Initiating				
Waterflow Switch				
61326337	Multi-Purpose Room Heater Room	Failed to Report	1	NFPA72 14.2.1.2.2

Code References

NFPA72 14.2.1.2.2	System defects and malfunctions shall be corrected.

Proposed Solutions Report

Generated by: BuildingReports.com

Building: NMUSD - Adams Elementary School	Control Panel: 1 - Silent Knight IFP-1000

The Proposed Solution Report provides a solution for each discrepancy listed on the Discrepancy Report. Provide a check mark where indicated to approve repairs listed within the report. Items listed as T/M are available for repair on a Time and Materials basis.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Adams Elementary School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed						
Sound Test Points						
Entire Campus	Passed			☐		0001

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Adams Elementary School	Control Panel: 1 - Silent Knight IFP-1000

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Anderson Elementary
1900 Port Seabourne Way
Newport, CA 92660

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Anderson Elementary	Control Panel: 1 - Silent Knight IFP-1000

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Back Bay Monte Vista
390 Monte Vista Avé.
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Back Bay Monte Vista

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - BESST Center
2045 Meyer Place
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - BESST Center

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - California Elementary
3232 California Street
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - California Elementary	Control Panel: 1 - Silent Knight IFP-1000

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

ScanID	Location	Problem	Address	Reference
Initiating				
Duct Detector				
61336489	MPR Custodian Room	Failed to Report	1	NFPA72 14.2.1.2.2

Code References

NFPA72 14.2.1.2.2	System defects and malfunctions shall be corrected.

Proposed Solutions Report

Generated by: BuildingReports.com

Building: NMUSD - California Elementary	Control Panel: 1 - Silent Knight IFP-1000

The Proposed Solution Report provides a solution for each discrepancy listed on the Discrepancy Report. Provide a check mark where indicated to approve repairs listed within the report. Items listed as T/M are available for repair on a Time and Materials basis.

ScanID	Location	Solution	Model #	Cost	Fix
Initiating					
Duct Detector					
61336489	MPR Custodian Room	See notes/recommendations	D4120	T/M	☐
			PO #: (none)	**T/M**	

Notes & Recommendations

Generated by: BuildingReports.com

Building: NMUSD - California Elementary	Control Panel: 1 - Silent Knight IFP-1000

The Notes & Recommendations Report details additional inspection notes made by the Inspectors during the course of the building inspection. Notes are grouped by Category.

ScanID	Note	Device Type	Location	Comment
Initiating				
61336489	1	Duct Detector	MPR Custodian Room	Failed to Report
During the test, the device activated but failed to report to the panel. Upon arriving, there was a trouble on the duct detector itself (solid amber led), but after resetting the device, the trouble cleared. Then the test was performed multiple times, failing to report to the panel.				

Inspection & Testing

Generated by: BuildingReports.com

Building: NMUSD - California Elementary	Control Panel: 1 - Silent Knight IFP-1000

The Inspection & Testing section lists all of the items inspected in your building. Items are grouped by Passed or Failed/Other. Items are listed by Category. Each item includes the services performed, and the time & date at which testing occurred.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - California Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - College Park
Elementary School
2380 Notre Dame Road
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Building: NMUSD - College Park Elementary School

The Service Summary section provides an overview of the services performed in this report.

Device Type	Service	Quantity
	Passed	
Annunciator	Inspected	1
Battery	Tested	8
Control Panel	Inspected	1
Heat Detector	Tested	106
Power Supply	Inspected	3
Pull Station	Tested	5
Smoke Detector	Tested	99
Total		223

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - College Park Elementary School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed						
Sound Test Points						
Entire Facility	Passed			☐		0001

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - College Park Elementary School	Control Panel: 1 - Silent Knight 5820XL

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Item	Category	% of Inventory	Quantity
Control Panel	Control	0.45%	1
Battery	Control	3.57%	8
Power Supply	Control	1.34%	3
Smoke Detector	Initiating	44.20%	99
Heat Detector	Initiating	47.32%	106
Annunciator	Control	0.45%	1
Pull Station	Initiating	2.23%	5

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Corona Del Mar
Middle & High School
2101 Eastbluff Drive
Newport Beach, CA 92660

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date
Aug 22, 2019

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Corona Del Mar Middle & High School	Control Panel: 1 - Silent Knight IFP-200

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

ScanID	Location	Problem	Address	Reference

Notes & Recommendations

Generated by: BuildingReports.com

Building: NMUSD - Corona Del Mar Middle & High School — Control Panel: n/a

The Notes & Recommendations Report details additional inspection notes made by the Inspectors during the course of the building inspection. Notes are grouped by Category.

ScanID	Note	Device Type	Location	Comment
0001	1	Sound Test		
Horns tone in Classroom 333 exit is falling. Big gym has two hornstrobes that failed to activate. The trigger for building 600 also failed. Horns and strobes started to work once alarm was activated in building but not by outside devices.				

Building: NMUSD - Corona Del Mar Middle & High School	Control Panel: 1 - Silent Knight IFP-200

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Corona Del Mar Middle & High School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Costa Mesa High School
2650 Fairview Rd
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Costa Mesa High School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Davis Magnet
Elementary School
1050 Arlington Drive
Costa Mesa, Ca 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date
Aug 20, 2019

Building: NMUSD - Davis Magnet Elementary School
Contact: Tim Waller
Title: Maintenance & Operations Manager

Company: Cal Building Systems
Contact: Thomas Galaz
Title: Technician

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Davis Magnet Elementary School	Control Panel: 1

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Davis Magnet Elementary School — Control Panel: 1

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Item	Category	% of Inventory	Quantity
Heat Detector	Initiating	56.59%	73
Smoke Detector	Initiating	43.41%	56

Type	Qty	Model #	Description	Install Date
New (under 90 days)				
SimplexGrinnell				
Heat Detector	73	4098-9733	Fixed Temperature	08/19/2019
Smoke Detector	56	4098-9714		08/19/2019

Zone Address Report

Generated by: BuildingReports.com

Building: NMUSD - Davis Magnet Elementary School — Control Panel: 1

The Zone Address Report lists all of the devices and items that have an individual address, or are grouped together under a common zone. The device type, location, and description are included for your reference.

Address	Device Type	Location	Type	ScanID
Zone/Circuit: 1

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Davis Magnet
Elementary School
1050 Arlington Drive
Costa Mesa, Ca 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date
Aug 19, 2019

Building: NMUSD - Davis Magnet Elementary School
Contact: Tim Waller
Title: Maintenance & Operations Manager

Company: Cal Building Systems
Contact: Thomas Galaz
Title: Technician

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Davis Magnet Elementary School	Control Panel: 1 - simplex 4100u

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

47353262	principal office Main office	Failed Annunciation	1	NFPA72 10.16.1.1.1

Code References

NFPA72 10.16.1.1.1	Visible annunciation of the location of an operated initiating device shall be by an indicator lamp, alphanumeric display, printout, or other approved means.

Proposed Solutions Report

Generated by: BuildingReports.com

Building: NMUSD - Davis Magnet Elementary School	Control Panel: 1 - simplex 4100u

The Proposed Solution Report provides a solution for each discrepancy listed on the Discrepancy Report. Provide a check mark where indicated to approve repairs listed within the report. Items listed as T/M are available for repair on a Time and Materials basis.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Early College High School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Eastbluff Elementary School	Control Panel: n/a

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Eastbluff Elementary School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test

Auxiliary Functions Testing

Generated by: BuildingReports.com

Building: NMUSD - Ensign Intermediate School	Control Panel: 1 - Silent Knight 5820XL

The Auxiliary Functions Testing section lists each of the ancillary items, systems, and emergency equipment that are controlled by the system control unit. Items are grouped by Passed or Failed/Other. The items are listed by device type, and a check box is provided to indicate if the test conducted was simulated.

Type	Location	Comment	ScanID	Simulated
Passed				
Smoke Detector				
Elevator Recall	1st Admin Bldg. Elevator Machine Room	Passed	61325252	☐

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Ensign Intermediate School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed						
Sound Test Points						
Entire Campus	Passed			☐		0001

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Ensign Intermediate School	Control Panel: 1 - Silent Knight 5820XL

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Type	Category	% of Inventory	Quantity
Control Panel	Control	0.92%	1

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Estancia High School
2323 Placentia Ave
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Estancia High School	Control Panel: 1 - SimplexGrinnell 4100U

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Estancia High School
2323 Placentia Ave
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Estancia High School	Control Panel: 1 - SimplexGrinnell 4100U

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty
Items listed for Recall by Manufacturer				
No recalled items found during this inspection.				

ScanID	Location	Problem	Address	Reference
Control

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Estancia High School
2323 Placentia Ave
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Estancia High School	Control Panel: 1 - SimplexGrinnell 4100U

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty
Items listed for Recall by Manufacturer				
No recalled items found during this inspection.				

ScanID	Location	Problem	Address	Reference
Control				
Battery				
58094504	Building H Office		1

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Estancia High School Control Panel: 1 - SimplexGrinnell 4100U

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Type	Category	% of Inventory	Quantity
Control Panel	Control	0.29%	1
Smoke Detector	Initiating	74.85%	256
Battery	Control	1.75%	6
Pull Station	Initiating	7.89%	27
Waterflow Switch	Initiating	0.88%	3
Annunciator	Control	0.29%	1
Power Supply	Control	0.29%	1
Beam Detector	Initiating	8.77%	30
Expander Panel	Control	0.29%	1
Heat Detector	Initiating	4.68%	16

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Harbor View
Elementary
900 Goldenrod Ave
Corona Del Mar, CA 92625

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Notes & Recommendations

Generated by: BuildingReports.com

Building: NMUSD - Harper Elementary

The Notes & Recommendations Report details additional inspection notes made by the Inspectors during the course of the building inspection. Notes are grouped by Category.

General Note

Upon finalizing fire alarm inspection. I called center station (AceTec) to place the system back online and check signals. I gave them the account number (21-1141) and the operator said that it was a security system. No fire trucks arrived while testing. The operator said no signals came in for a general fire alarm and that they didn't have any other accounts besides the security system for the school. She tried calling her contact person for information and got a voicemail for Albert.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Harper Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Jim Scott Stadium

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed						
Sound Test Points						
Entire Campus	Passed			☐		0001

Battery & Power Supply Testing

Generated by: BuildingReports.com

Building: NMUSD - Jim Scott Stadium Control Panel: 2

The Control & Power Testing section details the readings and measurements of batteries and power supplies used to provide power to the fire alarm and life safety systems. Items are grouped by Passed or Failed/Other.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Kaiser Elementary
2130 Santa Ana
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Kaiser Elementary	Control Panel: n/a

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty
Items listed for Recall by Manufacturer				
No recalled items found during this inspection.				

Sound Test	Location	Problem	Device	Reference

Heat Detector	Tested	29
Power Supply	Tested	6
Pull Station	Tested	9
Smoke Detector	Tested	102
Total		161

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Kaiser Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Failed/Other						
Sound Test Points						
Entire Campus	Failed Operation			☐		0001

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Kaiser Elementary Control Panel: 1 - Simplex 4100U

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Item	Category	% of Inventory	Quantity
Control Panel	Control	0.62%	1
Battery	Control	8.64%	14
Smoke Detector	Initiating	62.96%	102
Pull Station	Initiating	5.56%	9
Heat Detector	Initiating	17.90%	29
Power Supply	Control	3.70%	6

Type	Qty	Model #	Description	Install Date
New (under 90 days)				
Simplex				
Control Panel	1	4100U		08/22/2019

Battery	10	12v 7ah	Sealed Lead Acid	08/15/2017

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Killybrooke
Elementary
3155 Killybrooke Ln
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Killybrooke Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Lincoln Elementary
3101 Pacific View Dr
Newport Beach, CA 92625

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Lincoln Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Mariners Elementary
2100 Mariners Dr
Newport Beach, CA 92660

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Mariners Elementary — Control Panel: 1 - Simplex 4100U

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Type	Category	% of Inventory	Quantity
Control Panel	Control	1.79%	1
Battery	Control	3.57%	2
Heat Detector	Initiating	94.64%	53

Type	Qty	Model #	Description	Install Date
New (under 90 days)				
Simplex				
Control Panel	1	4100U		09/06/2019
Heat Detector	53	4098-9403	Fixed Temperature	09/06/2019
In Service - 2 Years to 3 Years				
Battery	2	12v 24ah	Sealed Lead Acid	08/10/2017

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Mariners Elementary
2100 Mariners Dr
Newport Beach, CA 92660

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Newport Coast Elementary	Control Panel: n/a

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty
Items listed for Recall by Manufacturer				
No recalled items found during this inspection.				

Sound Test	Location	Problem	Device	Reference
Sound Testing				
Sound Test	**Location**	**Problem**	**Device**	**Reference**

Notes & Recommendations

Generated by: BuildingReports.com

Building: NMUSD - Newport Coast Elementary	Control Panel: n/a

The Notes & Recommendations Report details additional inspection notes made by the Inspectors during the course of the building inspection. Notes are grouped by Category.

ScanID	Note	Device Type	Location	Comment
0001	1	Sound Test	Entire Campus	Failed Test
Upon AV test we pulled a pull station and AV's started to go off, within a few seconds all AV's silenced and two troubles came up on panel. First trouble said (Card 2, power supply/charger 24 volt B output.) Second trouble (Building A AHU-2 roof duct detector) After resetting panel went back to normal.

Auxiliary Functions Testing

Generated by: BuildingReports.com

Building: NMUSD - Newport Coast Elementary	Control Panel: 1 - Simplex 4020

The Auxiliary Functions Testing section lists each of the ancillary items, systems, and emergency equipment that are controlled by the system control unit. Items are grouped by Passed or Failed/Other. The items are listed by device type, and a check box is provided to indicate if the test conducted was simulated.

Type	Location	Comment	ScanID	Simulated
	Passed			
Duct Detector				
AHU Shutdown	Bldg. A MPR Back Stage	Passed	58736219	☐

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Newport Coast Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Failed/Other						
Sound Test Points						
Entire Campus	Failed Test			☐		0001

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Newport Coast Elementary — Control Panel: 1 - Simplex 4020

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Type	Category	% of Inventory	Quantity

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Newport Elementary
1327 W Balboa blvd
Newport Beach, CA 92661

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Newport Elementary	Control Panel: 1 - Silent Knight IFP-1000

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty

Items listed for Recall by Manufacturer

No recalled items found during this inspection.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Newport Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Newport Harbor High School
600 Irvine Avenue
Newport Beach, CA 92663

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Newport Harbor High School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Newport Heights Elementary
300 E 15th Street
Newport Beach, CA 92663

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Newport Heights Elementary	Control Panel: 1 - SimplexGrinnell 4100U

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty
Items listed for Recall by Manufacturer				
No recalled items found during this inspection.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Paularino Elementary School
1060 Paularino Avenue
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Paularino Elementary School	Control Panel: n/a

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty
Items listed for Recall by Manufacturer				
No recalled items found during this inspection.				

Sound Test	Location	Problem	Device	Reference
Sound Testing				

Sound Test	Location	Problem	Device	Reference
Sound Test Points				
0001			Sound Test	

Proposed Solutions Report

Generated by: BuildingReports.com

Building: NMUSD - Paularino Elementary School	Control Panel: n/a

The Proposed Solution Report provides a solution for each discrepancy listed on the Discrepancy Report. Provide a check mark where indicated to approve repairs listed within the report. Items listed as T/M are available for repair on a Time and Materials basis.

ScanID	Location	Solution	Description	Cost	Fix

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Paularino Elementary School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Failed/Other

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Pomona Elementary
School
2051 Pomona Avenue
Costa Mesa, CA 92727

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Pomona Elementary School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Rea Elementary School
661 Hamilton Street
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Pull Station	2	SD500-PS	Dual Action	07/01/2017
Smoke Detector	39	SD505-APS	Photoelectric	07/01/2017
Simplex				
Pull Station	36	2099-9101	Single Action	07/01/2017

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Sanborn Building
(District)
2985 Bear Street
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date
Sep 13, 2019

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Sonora Elementary
966 Sonora Rd
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Sonora Elementary	Control Panel: n/a

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Device Type	Manufacturer	ModelNumber	Date	Qty
Items listed for Recall by Manufacturer				
No recalled items found during this inspection.				

Sound Test	Location	Problem	Device	Reference
Sound Testing				

Sound Test	Location	Problem	Device	Reference
Sound Test Points				
0001	Entire Campus		Sound Test	

Proposed Solutions Report

Generated by: BuildingReports.com

Building: NMUSD - Sonora Elementary	Control Panel: n/a

The Proposed Solution Report provides a solution for each discrepancy listed on the Discrepancy Report. Provide a check mark where indicated to approve repairs listed within the report. Items listed as T/M are available for repair on a Time and Materials basis.

ScanID	Location	Solution	Description	Cost	Fix
Sound Testing					
Sound Test					
0001	Entire Campus			T/M	☐
			PO #: (none)	**T/M**	

Notes & Recommendations

Generated by: BuildingReports.com

Building: NMUSD - Sonora Elementary Control Panel: n/a

The Notes & Recommendations Report details additional inspection notes made by the Inspectors during the course of the building inspection. Notes are grouped by Category.

ScanID	Note	Device Type	Location	Comment
0001	1	Sound Test	Entire Campus	
The strobe inside the MPR Building, located in the corridor Exit next to the restrooms, failed to activate during our inspection.				

Building: NMUSD - Sonora Elementary	Control Panel: 1 - Silent Knight 5820XL

The Notes & Recommendations Report details additional inspection notes made by the Inspectors during the course of the building inspection. Notes are grouped by Category.

ScanID	Note	Device Type	Location	Comment
Initiating				
61336928	2	Smoke Detector	MPR Building Stage	Passed
Device is still operational but has been painted over with black paint 80-100%.				
61336929	3	Smoke Detector	MPR Building Stage	Passed
Device is still operational but has been painted over with black paint 80-100%.				

Inspection & Testing

Heat Detector	Tested	58
Power Supply	Inspected	8
Pull Station	Tested	8
Smoke Detector	Tested	119
Total		213

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Sonora Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Failed/Other						
Sound Test Points

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD -TeWinkle Middle
3224 California St
Costa Mesa, CA 92626

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date
Aug 21, 2019

Discrepancy Report

Generated by: BuildingReports.com

Building: NMUSD - Victoria Elementary School	Control Panel: 1 - SimplexGrinnell 4020

The Discrepancy Report consolidates each discrepancy listed within the various Testing sections of your Inspection. Discrepancies are listed by Category, and grouped by device type. The description of the problem is provided and where appropriate, code references are listed for your convenience. Any item that was inspected that is listed on the Consumer Product Safety Commission's website and is subject to a recall by the manufacturer is included.

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Waldorf Elementary
Schooll
2350 Canyon Drive
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Smoke Detector		2
Total		216

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Whittier Elementary School

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed						
Sound Test Points						
Entire Campus	Passed			☐		0001

Battery & Power Supply Testing

Generated by: BuildingReports.com

Building: NMUSD - Whittier Elementary School	Control Panel: 1 - Simplex 4100U

The Control & Power Testing section details the readings and measurements of batteries and power supplies used to provide power to the fire alarm and life safety systems. Items are grouped by Passed or Failed/Other.

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Whittier Elementary School	Control Panel: 1 - Simplex 4100U

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Item	Category	% of Inventory	Quantity
Smoke Detector	Initiating	61.75%	134
Control Panel	Control	0.46%	1
Battery	Control	6.45%	14
Power Supply	Control	2.76%	6
Pull Station	Initiating	1.84%	4
Heat Detector	Initiating	26.27%	57

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Wilson Elementary
801 Wilson Street
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Inspection Date
Aug 26, 2019

Building: NMUSD - Wilson Elementary
Contact: Tim Waller
Title: Maintenance & Operations Manager

Company: Cal Building Systems
Contact: Michael Cannon
Title: Service Technician

Fire Alarm and Life Safety System Inspection Certificate

For

NMUSD - Woodland Elementary
2025 Garden Ln
Costa Mesa, CA 92627

Tested to NFPA 72 Standards

This Inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Service Summary

Generated by: BuildingReports.com

Building: NMUSD - Woodland Elementary

The Service Summary section provides an overview of the services performed in this report.

Device Type	Service	Quantity
	Passed	
Annunciator	Tested	1
Battery	Tested	12
Control Panel	Tested	1
Heat Detector	Tested	34
Power Supply	Tested	5
Pull Station	Tested	5
Smoke Detector	Tested	100
Total		158

Sound and Visual Testing

Generated by: BuildingReports.com

Building: NMUSD - Woodland Elementary

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Comment	Ambient dB	Alarm dB	Intelligibility		Sound Test
				Voice	STI	
Passed						
Sound Test Points						
Entire Campus	Passed			☐		0001

Inventory & Warranty Report

Generated by: BuildingReports.com

Building: NMUSD - Woodland Elementary Control Panel: 1 - Simplex 4100U

The Inventory & Warranty Report lists each of the devices and items that are included in your Inspection Report. A complete inventory count by device type and category is provided. Items installed within the last 90 days, within the last year, and devices installed for two years or more are grouped together for easy reference.

Device or Item	Category	% of Inventory	Quantity
Control Panel	Control	0.63%	1
Battery	Control	7.55%	12
Smoke Detector	Initiating	62.89%	100
Pull Station	Initiating	3.14%	5
Power Supply	Control	3.14%	5
Annunciator	Control	0.63%	1
Heat Detector	Initiating	21.38%	34

Type	Qty	Model #	Description	Install Date
New (under 90 days)				
Simplex				
Annunciator	1	4100U		08/30/2019
Control Panel	1	4100U		08/30/2019
